Overview Process Map

Key issues facing RORP.9810

- Funding – Shipping costing \$13-15k, Harvest Fees average \$8k
- Destinations – Good local Clubs & stable countries required
- Safety – White Cards now a must have
- Transport – Ian Armstrong stepping down from ERRN Committee may impact access to ERRN Van
- More participants in running RORP required:
 - Reduce workload, particularly on B3
 - Provide backup
 - Develop skills and experience
 - No one lives forever
